General Electric Company
Missiles and Space Vehicle Department
3198 Chestnut Street
Philadelphia, Pennsylvania

Gentlemen:

1. You are hereby advised that The United States Government intends to place a Contract No. AF33(600)-43447 with your Company for the procurement of five (5) additional MXSA Nose Cones and Reentry Vehicles similar to those being procured under Contract No. AF33(600)-42254.

2. The Government desires delivery of the first unit on or before 8 April 1962 and balance one each every three (3) weeks thereafter. It is contemplated that the resulting contract shall be similar in nature and incorporate the provisions of Contract No. AF33(600)-42254 between the parties. However, should circumstances warrant, consideration will be given to a different type of contract at time of negotiation.

X724-1057-0175

3. Pending the negotiation and issuance of the above contract, Contractor is hereby authorized to expend \$290,000 in necessary preparation and long lead time commitments to cover the work contemplated above.
